Investigation

Participation

St Paul's Way Trust Science Summer School is expanded in order to motivate young scientists across London and to reinforce the message:

'Britain - The Best Place to Do Science'

The SPWT Pilot with the 'Schools Funding Network' leads to significant financial support for the Sixth Form Centre from a range of organisations inspired by our vision

VI Form numbers rise as more students meet the entry requirements

New reporting of GCSE student achievement in schools begins - 'The Best Eight'

This is welcomed by SPWT because our curriculum has a strong focus on Humanities and Languages as well as Science and Expressive Arts

'A Broad and Balanced Curriculum'

At St Paul's Way Foundation School the curriculum includes extensive learning opportunities in MFL and Science

A SPWT student makes a successful application for the QMUL Barts & London Medicine and Dentistry Scholarship

St Paul's Way Fitness Club opens for evening and weekend community use in partnership with Poplar Harca

St Paul's Way Sixth Form Centre (Phase One) opens

Provision complements that provided across the other schools in Sixth Form East - one of the largest Sixth Form providers in East London

St Paul's Way Foundation School (permanent building) is completed, including a Primary Science base

People's Palace Network of Schools develops consistency in the teaching of Science and MFL

Oxbridge and Russell Group destinations of SPWT students rise significantly as the 2014 Year 10 cohort (significantly larger than previous years) complete their A level courses

St Paul's Way Sixth Form Centre is completed offering outstanding facilities including specialist areas for Science and the Arts

SPWT Authentic Biology Research papers are published

26th February: St Paul's Way Foundation Trust celebrates its 10th Anniversary. The programme includes the St Paul's Way Orchestra 'in concert'

The 2014 'Year 7' Cohort - the year group with the highest APS on entry in the school's history (significantly above the National Average) complete their Sixth Form studies. There is another step change in access to the top Universities in UK and beyond

2016

All four schools in Sixth Form East publish 'A' level results for the first time

SPWT and schools across LBTH link closely with the Prince's Trust drawing on their successful engagement programmes

St Paul's Way Medical Centre joins SPWT and The Prince's Trust in William Cotton Place providing excellent opportunities for integrated working

2017

National Teaching School Renewal Bid Describes the extensive work of the SPWT School of Education and our role within the London City Alliance

Sixth Form East cater for the needs of students of all abilities and leading young people to a range of opportunities such as apprenticeships, vocational training, workplace learning and higher education

2018

Ten years after the start of the St Paul's Way Transformation Project a thorough review of what has been achieved is carried out

2019

The SPW Transformation Project 'review findings' are published providing a framework for urban place-making and regeneration

2020

2021

Our first Year 6 cohort automatically transfers to the Secondary provision -

Their knowledge of languages, science and the Arts ensures a smooth and very successful transition
